

C&H Spraydet EV

Product Description

Spraydet EV is a highly concentrated, multi-metal safe, alkaline liquid detergent engineered to produce superior cleaning results for aqueous process parts cleaning.

Performance Features

- Quickly removes greases, oils, carbon soot, and other soils
- Formulated with advanced anti-foam & corrosion inhibitor technology

Physical Specifications

Physical State	Liquid
Appearance	Amber
pH	12
Rinsability	Excellent

Equipment Requirements

C&H Spraydet EV can be used in the following aqueous-based cleaning systems: heated high-pressure cabinet, conveyor wash systems, manual & automatic immersion cleaning, agitation tank, and soak tank cleaning. Operation of equipment should be done in accordance with the equipment manufacturer's instructions.

Product Make-Up

C&H Spraydet EV is a highly concentrated liquid. Dilute to specified concentrations

Concentration and Application Method

Medium Duty Cleaning

Add 5% of Spraydet EV per gallon of water.

Heavy Duty Cleaning

Add 6 – 8% of Spraydet EV per gallon of water.

Calculation

Spraydet EV volume needed (5%) = .05 x Sump Capacity = Gallons needed.

Time

5 - 20 minutes depending on equipment type being used and level of concentration.

Temperature

140° - 210°F

Mixing Instructions

Spraydet EV can be mixed readily into the aqueous parts washers' heated water-filled sump. While the wash pump is activated, pour Spraydet EV slowly over the pumps intake area and let mix for ten minutes.

Spraydet EV will not erupt in hot water like conventional caustic-based products.

Concentration Management

Use Seacole's Titration Kit to calculate and maintain optimal bath concentrations.

Companion Products

Please see Seacole's C&H Spraydet series for parts cleaning. For advanced carbon soot removal please see Seacole's C&H Spraydet Turbo Charge.

Technical Data Sheet

Safety and Handling

Please review and understand the C&H Spraydet EV SDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations.

Ordering Information

C&H Spraydet EV is available in 5-gallon pails and 55-gallon drums.
