

# Technical Data Sheet

Product Code: A985WXX Revised Date: 10/22/2024

## C&H 985W Soap

### Product Description

C&H 985W is a concentrated ready to use liquid designed to be used for air leak detection during winter temperatures. Safe for virtually all surfaces that are not harmed by water

### Performance Features

- Formulated for use in temperatures below 35°F
- Safe for people and finishes at any concentration

### Physical Specifications

Physical State	Viscous Liquid
Appearance	Amber
pH	Neutral
Rinsability	Excellent

### Equipment Requirements

C&H 985W is a manual test and does not require any specific equipment.

### Product Make-Up

C&H 985W Soap is a ready to use air leak detector. Do not dilute.

### Concentration and Application Method

#### Air Leak Detection

Apply to areas where leaks may occur by low pressure spray or any other suitable applicator. Watch for bubbles or foaming. Rinse off with water. Formulated with propylene glycol for cold weather use below 35°F.

### Companion Products

Please see Seacole's Product Catalog.

### Safety and Handling

Please review and understand the C&H 985W SDS before handling.

### Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations.

### Ordering Information

C&H 985W is available in 5-gallon pails, 30-gallon drums, and 55-gallon drums.
