Equipment Requirements

EZ Spread Ice Melt is a ready to use product and does not require any additional equipment.

Product Make-Up

EZ Spread Ice Melt is a ready to use product. Do not dilute.

Concentration and Application Method

Just snip the pointed end of the EZ Spread Ice Melt bag. Hold the bag underneath arm with the tip settled between your fingers. Apply pressure to regulate flow. Spread evenly.

Companion Products

Please see Seacole's Liquid De-Icer for a potassium acetate-based ice melt.

Safety and Handling

Please review and understand the EZ Spread Ice Melt SDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations.
