711 Trash Can Odor Control

Product Description

711 is a powerful deodorizer formulated to attack offensive odors, organic or inorganic, that emanate from trash receptacles or dumpsters. 711 is a citrus scented powder capable of reaching into the toughest areas odor originates from. 711's advanced formula attacks odors in two ways: first by breaking down the inorganic or organic substrate and encapsulating the incontinent particulates and second by overpowering the odor with a powerful citrus fragrance. Adding 711 to your everyday cleaning process ensures your customers and neighbors will never have to smell an unpleasant odor from your business!

Performance Features

- Effective on Both Organic and Inorganic Odor Substrates
- Highly Concentrated With No Useless Fillers That Provides Longer Usage and Greater Economy
- Pleasant Citrus Fragrance
- Biodegradable & Non-Hazardous
- Environmentally Green

Physical Specifications

Physical State	Powder
Appearance	Tan
Odor	Citrus
% VOC	0

Product Make-Up

711 is packaged ready-to-use.

Concentration and Application Methods

Dumpster / Trash Receptacle Deodorizing

Sprinkle approximately 1 cup of 711 over garbage or where odor is emanating specifically. Quantity used may vary due to varying degrees of odor present.

For odor control optimization, 711 may also be placed in the bottom of dumpsters or trash cans to absorb liquid waste and subsequent odors. Sprinkle 711 into the dumpster and trash receptacles immediately after they have been emptied with a light dusting across the bottoms to maintain a fresh and pleasant odor throughout the refuse cycle.

Safety and Handling

Read and understand this product's MSDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

Ordering Information

711 is available in cases containing 12 - 2-pound jars and 50-pound pails.
